

NOTICE TO WATER SYSTEM USERS

COLIFORM MONITORING VIOLATION

Ponderosa Community Club Inc water system, ID # 684173, located in Chelan County is required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring indicate whether your drinking water meets health standards. During August 2017 we did not monitor or test for coliform bacteria or collected fewer samples than we were required to collect. Therefore we cannot be sure of the quality of your drinking water during that time.

At this time:

- No action is required by the users.
- We collected the routine coliform sample required for the month of Sept. and the lab found no coliform bacteria.
- We will collect samples in the future as required.
- Other information for customers:

For more information, contact: Ken Severance
